## ABOUT ME

Hi! I am Ben Williams! I am a full time close up magician and full member of the world famous Magic Circle, the most prestigious and respected magic society in the world. I am proud to say I have been a member for over ten years now.

Magic has taken me all over the world, I have performed at hundreds of events all up and down the country, I have also had the pleasure of being flown over seas to perform for different clients abroad in many different destinations. Magic is so unique as it transcends language barriers and can create a memorable moment for anyone, I have performed to nearly every walk of life you can imagine!

For the past decade I have been performing magic professionally as well as inventing magic tricks and teaching magic to literally thousands of magicians worldwide online. Some my magic creations and other creations I have worked on have been used on TV shows such as Dynamo Magician Impossible (Watch), Troy (E4) and Tricked (ITV). I was also extended a private invite by David Blaine to show him some of my magic when he was in the UK. I also helped build Europe's largest and busiest internet magic store. Being behind the scenes and having advised working magicians all over the world I have had a unique opportunity to soak up and learn secrets other magicians can only dream of.

I truly believe that you can create lasting memories that can truly affect a person with magic, although I want people to laugh and have fun, I really want people to remember the moment I give them 20 years down the line. This is what I aim to achieve when I perform, I don't want to be any magician, I want to be the magician that they remember.

**They may forget what you said, but they will never forget how you made them feel.**

# THE MAGIC

Here are a few effects I perform on a regular basis, of course I have plenty of magic to suit all situations, these are just some of my favourites!

## OUTSTANDING CARD MAGIC

I have studied sleight of hand for nearly twenty years now and have an arsenal of high impact visual card magic. Signed cards vanish and reappear in bizarre places like my shoe! Cards change in full view in front of your eyes and defy logic as they switch places impossibly. All of this is just the beginning though as at any point the deck of cards could turn into a block of glass whilst YOU ARE HOLDING IT!

## MIND READING

I have also studied psychology, body language, influence and suggestion techniques to enable me to second guess spectator's thoughts. Think of a card and I will predict it, randomly blurt out a word and I will prove within a shadow of a doubt that I knew you would say the exact word you did, draw a picture in secret and I will draw be able to replicate the same image impossibly.

## BORROWED ITEMS

I don't only perform these miracles with my own props. I will regularly borrow items to show spectators a miracle with something of theirs. If you have a coin, I will impossibly cause it to bend in your own hand. If you have a banknote I will turn it into another banknote of any denomination. If you have a ring I will cause it to vanish and end up in an impossible location like clipped onto my car keys in my back pocket, or in a sealed envelope in a sealed compartment of my wallet. These are just a few examples of the magic I perform with borrowed objects.

## HIGH IMPACT VISUAL MAGIC

Depending on which package you decide to go for I can also perform high impact, ultra visual magic for your spectators with normal everyday items. This is Dynamo style magic, imagine the look on your client's face when I take a regular pack of Polos and alter the packaging so the Polos on the packaging are now linked, only for you to find out that the two separate Polos in your hands are now also linked! Maybe you want to see lumps of ice or lollies appear in flashes of fire. Skittles turn into M&Ms with a wave of the hand, spectator's chosen cards are revealed on confectionary packaging, labels end up sealed inside bottles, the list goes on. All of these effects have souvenir items given away at the end, your spectators will be given packets of sweets like Love Hearts that now have printed on them Six of Hearts instead of the Love Hearts logo.
