

Unbelievable Magic

Creating lifelong memories

Hi! I am Ben Williams.

I am a full time close up magician and full member of the world famous Magic Circle, the most prestigious and respected magic society in the world. I am proud to say I have been a member for over ten years now.

Magic has taken me all over the world, I have performed at hundreds of weddings and events all up and down the country. I have also had the pleasure of being flown overseas to perform for different clients abroad in many different destinations so I have performed to nearly every walk of life you can imagine!

I believe that you can create lasting memories that can truly affect a person with magic. Although I want people to laugh and have fun, I really want people to recall the magical moment I give them 20 years down the line when magic comes up in a conversation.

This is what I aim to achieve when I perform.

I don't want to be any magician, I want to be *the* magician that they remember for a lifetime.

They may forget what you said, but they will never forget how you made them **feel**.

A WEDDING SPECIALIST

I love to perform magic because I love to engage with and inspire people, I also love to make a difference in whatever way I can in life. This is why I choose to spend my time performing at weddings.

It is undeniable that your wedding day is going to be one of the most memorable days of your life. I do not take this with a pinch of salt, for me it is truly an honour to be chosen to perform for a couple on their big day. To be entrusted with making sure brides, grooms and all their friends and families have great time on their day means a lot and I never want to take that lightly.

I understand that each day is unique and each couple has a different spark that makes their relationship, family and friends shine in a different way. As I truly appreciate this is I choose not to work like most magicians. I will only take one wedding booking a day so that I am dedicated to the couple on their day. I won't have another event to rush off to. I like to be able to build rapport with guests and not just be some guy who did some tricks. Another benefit of only booking one wedding day is that, if for any reason there were a delay I am simply delayed starting and you will not miss out on any entertainment time.

The most important day of your life is important to me.

BESPOKE MAGICAL PERFORMANCES

If you wish to have something special for your day then why not have magic that is tailored to you?

Not many magicians go the extra mile to provide such a tailored service but I pride myself on being creative and fun with my magic. My favourite way to show this on a big day is to perform lots of magic that is unique for your friends and family. Magic that is personalised to you.

Imagine the faces on your relatives and friends when I begin to perform magic with your photos and playing cards with your names on them. A lot of the personalised magic has something that your guests can keep to show other people what happened.

Creating magic for other magicians is part of my living so I have a plethora of creative and different ways that I can bring that unique, special touch to your day. For example if your husband to be is football crazy or car mad I can design a special routine that encompasses that passion in a surprising way. I am open to all suggestions to make your day even more special.

WHY HAVE ENTERTAINMENT ON YOUR DAY?

Entertainment is usually one of the last things to check on a list when planning a wedding. However, after the big day one of the most talked about aspects of the wedding is the entertainment. Whether it be a good band, magician or singer waiter these are the parts of the day that become truly memorable for people. Couples who do not give the entertainment much thought for their day usually end up regretting it, and there is a reason for this. Entertainment helps fill in gaps during the day when you are unavailable to your guests. You will spend your time with each other on your day but also with your friends and family moving from group to group speaking with them all. Not only this but you will also have other duties, for example you may spend some time alone together after your ceremony, you will also have photographs you wish to capture that can take time, or even when you are changing into your evening wear, these are all times when you cannot be with your guests. Entertainment helps fill these gaps and provide your friends and family with fun memories which I'm sure you can agree is better than memories of sitting around just waiting to eat.

I am not saying you must book me as a magician (although that would be a great choice!) but I would highly recommend devoting some time planning entertainment for yourselves and your guests. Entertainment invokes emotions in people which is what makes it so memorable it really does make a huge difference. After the day it makes much more of a difference than what fabric is covering the chairs or what napkins you use (although they can help make things look beautiful!).

WHEN IS BEST TO USE MY SERVICES?

Here are the best times to use my services to give you some ideas and help you think about what would work for you on your big day.

DRINKS RECEPTION - A drinks reception can either be a really fun time, or it can go on too long and be a drag for guests. This is an ideal time for entertainment as it will keep your guests upbeat and chatty whilst you have your all important photos taken. I will mingle effortlessly throughout your friends and family making sure everyone is both laughing and astonished, giving everyone common ground to discuss just how I did it!

WEDDING BREAKFAST - Why not have a wedding breakfast that is energised and full of gasps and applause. I can entertain at each table in-between the courses, this creates a great atmosphere and feeling around the room. I also have a special top table set for everyone that is seated there to make sure you get a chance to relax for a moment and enjoy the magic. Plus there is the added bonus that you get to see your family's faces up close as I bamboozle and perplex them!

EVENING RECEPTION - Another time when things can be a bit 'not sure what to do' for your guests is between the speeches at end of the meal and the full on, 'get your dancing shoes on' time when the band or DJ begin. Much like the drinks reception I mingle around your guests and do my thing. The added bonus here is that your evening guests get to experience the magic also, rather than just hear about how 'Ben the magician did this crazy, mind-blowing thing to them!'

I can entertain throughout any of these times or all of these times, the choice is yours. I love to work with couples to make sure I give them exactly what would work best for their day, this is always my main concern. I am here to help make your day as special and memorable as it can be.

Recently booked Ben for our wedding and 100 people have been highly entertained by an outstanding Magician, hugely talented, engaging, fun and superbly professional. He arrived without fanfare or introduction and when he left our guests had been bemused, stunned, left gasping and have not stopped talking about this very gifted Magician. Thank you so much for capturing the spirit and adding so spectacularly to our day. Gary and Jane

We had the pleasure of Ben's amazing skills at our wedding at Dodmoor House this month. To say that we were absolutely blown away is an understatement! This was not just because of his magic skills. He did an incredible amount of preparation beforehand using some pictures of us, he was friendly, brilliant with the kids and stayed longer than we expected him to. He made the point of learning people's names during the day and didn't complain when our nieces were dragging him around and asking for the same tricks several times! I know the wedding is meant to be the best part of the day, but I think most people agreed that the best part of this day was Ben's entertainment - and is what everyone is STILL talking about four weeks later! It was worth every penny and I would not hesitate to book Ben again or recommend him to anyone! This review does not go far enough to say how happy we were with Ben, but THANK YOU so much for being AMAZING!!!!!!!!!!!!!!
(We are still wondering how you did the tricks - we think you are actually a real wizard!!)

We hired Ben to wow our guests at our wedding and boy did he deliver! He was cited numerous times by guests as one of, if not _the_ highlight of the day. I was particularly impressed with Ben's ability to read the audience and situation, amending his routine or trick depending on cynicism of the crowd/target, whether people are standing behind him etc. On top of it all, Ben's a thoroughly nice chap and it was great to speak to him on the day as well. Highly recommended.

We hired Ben for our wedding to entertain guests during the photographs and wedding breakfast. A magician wasn't initially on our wedding must haves, however if I could go back in time, Ben would be my first booking!

He blew us and the guests all away with his amazing magic... I have lost track of the number of people who came up to me to sing your praises and also share their frustration that they couldn't work out how he did his tricks! There were shrieks of delight and laughter all through the day.

The magic he performed was on another level and I cannot get it down in words how amazing it was. He engaged each guest and really helped the flow of the day. Ben was relaxed, funny and just fitted in with the type of wedding we wanted.

Thank you so much Ben!

Ben is just wonderful and pure genuine magic! I kept him a secret from the guests as a surprise for my 30th wedding anniversary party as I had several different groups of friends & family coming & he was the perfect entertainer & ice breaker.

His charming & easy relaxed manner as he mingled effortlessly with all the guests was perfect. The gasps of disbelief & roars of laughter as he wowed everyone was more than I could have hoped for. There are of course always a few who like to challenge & try to work out what & how ...NON succeed despite their best efforts which made it all the more amusing. I have had so many compliments about Ben, everyone loved him & thought he was brilliant. "how did he do that?" was all I heard.

He made my party really special & memorable. I can highly recommend Ben, you won't be disappointed, I will definitely book him again, just need an excuse for another party!!

Thank you so much Ben, Jenny & Douglas Edwards xx

Ben was amazing at my husband's 40th birthday party and wowed the grown ups and children alike. We were quite literally amazed. I'm still trying to work out how he did everything! He's also a lovely guy with very easy, natural chat so fitted in with our guests really well. I'd highly recommend him.
